

# vela

Libreria composta da due elementi di assoluta semplicità, che si uniscono semplicemente posando i ripiani sulla struttura.

Vela è infatti costituita da un elemento verticale, come un "albero" aperto e trasparente su cui poggiano i ripiani aggettanti, che possono essere in vetro o rivestiti in pelle.

Stabile e leggera, Vela può essere collocata a parete o in centro stanza, una trasparente divisione degli spazi di spessore minimale, ma di grande dettaglio, come nei particolari della struttura rivestita in pelle e rifinita da essenziali intarsi in legno.

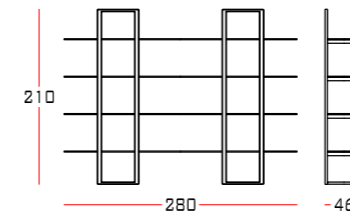

This bookcase is composed of two elements of absolute simplicity, which are joined by simply placing the shelves on the framework.

Vela is in fact made up of a vertical element, like an open and transparent "tree" on which the projecting shelves rest, which can be made of glass or covered in leather.

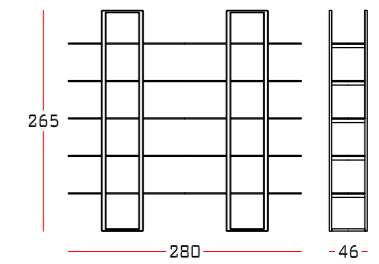

Stable and lightweight, Vela can be placed on the wall or in the center of the room, a transparent division of spaces of minimal thickness, but great definition, as in the details of the framework, covered in leather and finished with essential wood inlays.

Struttura in metallo rivestita in pelle P3, P2, P1.  
Ripiani in vetro o pelle.  
Traversi in metallo verniciato.

Structure in metal covered in leather P3, P2, P1.  
Shelves in glass or leather.  
Horizontal crosspieces in painted metal.
