

# erice

Erice è dedicato, nel nome, a una splendida località della costa di Sicilia, che dal monte si affaccia sull'azzurro del mare Mediterraneo.

Questo scrittoio incarna due nature: quella di angolo privato per lavorare ma anche per dedicarsi alle proprie cose, per ritagliarsi uno spazio e un tempo personale che, con dimensioni contenute, fa da scrigno alle cose a cui teniamo.

Lo scrittoio è attrezzato con un piano pensile, cassettoni e una custodia incassata che può reggere uno specchio oppure sostenere un tablet.

Alla struttura in essenza di legno si accosta la pelle, un sottomano naturale per eccellenza.

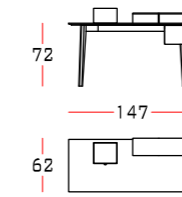

Erice derives its name from a beautiful town on the coast of Sicily, which overlooks the blue Mediterranean sea from the top of a mountain.

This desk embodies two natures: a private corner where one can work but also relax, finding some time and a personal space that, thanks to the small dimensions, acts as a treasure chest for the things we love. The desk is equipped with a hanging top, drawers and a built-in case that can hold a mirror or support a tablet.

The framework's wood essence is combined with leather, a natural choice for desk pads.
