

# corte

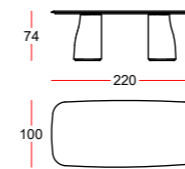

Mutevoli forme di vita animale e vegetale riportano, nel nostro abitare, l'eco di una natura familiare e sempre più preziosa. La rugosità del dorso di un animale o della corteccia di un tronco d'albero, diventano elementi ispiratori per il tavolo Corte. Elementi d'arredo in cui l'alta artigianalità delle lavorazioni e la ricchezza dei materiali sono trascrizione della perfezione e dell'equilibrio della natura. Il piano del tavolo, dall'importante spessore in massello di noce canaletto, è sorretto da solidi e sinuosi basamenti in legno curvato, accostati a guscio, a lasciarne intravedere l'interno, il cuore, nuovamente impreziosito dalle calde venature del legno.

Changeable animal and plant life forms bring back the echo of a familiar and increasingly precious nature in our lives. The roughness of an animal's back or the bark of a tree trunk, become inspiring elements for the Corte table. Decor elements in which the high craftsmanship of the production and the richness of the materials are a result of the perfection and balance of nature.

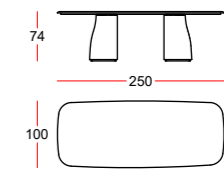

The table top, with its solid Canaletto walnut wood's thickness, is supported by strong and sinuous curved wooden bases, juxtaposed as shells, to allow a glimpse of the interior, the heart, once again embellished by the wood's warm grains.

Struttura gambe in legno multistrato e curvato.  
Rivestimento in pelle P1, P2, P3, finitura corteccia o liscia.  
Inserti gambe in legno, finitura in essenza.  
Top in legno o marmo.
